

Ideation Phase – Define the Problem Statements

Date: 26 September 2026

Team ID: _____

Project Name: Script-Controlled ACL – Restrict Record Access Based on Field Value

Maximum Marks: 2 Marks

Customer Problem Statement

Create a problem statement from the customer's point of view, following the uploaded template's “I am / I’m trying to / But / Because / Which makes me feel” structure.

Problem Statement (PS)	I'm trying to	But	Because	Which makes me feel
PS-1	a user or administrator who needs his records accessible	the standard access based on a user's profile	as per the defined rules, only	identified fields are restricted to be viewed
PS-2	an application administrator who is responsible for ACL configuration	the existing ACL configuration	the application is not able to	generate accurate reports and analytics

Reference structure: The uploaded template asks for a customer-focused problem statement using the fields “I am (Customer)”, “I’m trying to”, “But”, “Because”, and “Which makes me feel”. ■filecite■turn0file0■L8-L16■

Note: The above statements are tailored to the project title provided in the request; the uploaded template itself does not provide project-specific ACL content.
